

Dear Families,

Included in your child's learning packet, you will find several worksheets for your child to complete as well as some other fun activities.

This week, we're going to be using the theme, "ZOO ANIMALS." Below you will find links that you can plug into your computer for your student's enjoyment. In order to introduce the theme, I suggest that your student watches the videos prior to working on their lessons. The first link is a read aloud book called "Topsy and Tim go to the Zoo." The second link is an interactive song/dance video. Have your child dance along with the different zoo animals. Also included in your learning packet are colored goldfish crackers. Please have your child use the crackers to "feed" their penguin. (You'll find the penguin worksheet in your packet). Once finished, they can feed themselves as well. :)

Extended activities:

You will also find a yoga printable. Hopefully this will help create some calm in your home as your student demonstrates six different animal themed yoga poses.

Be a Zookeeper!

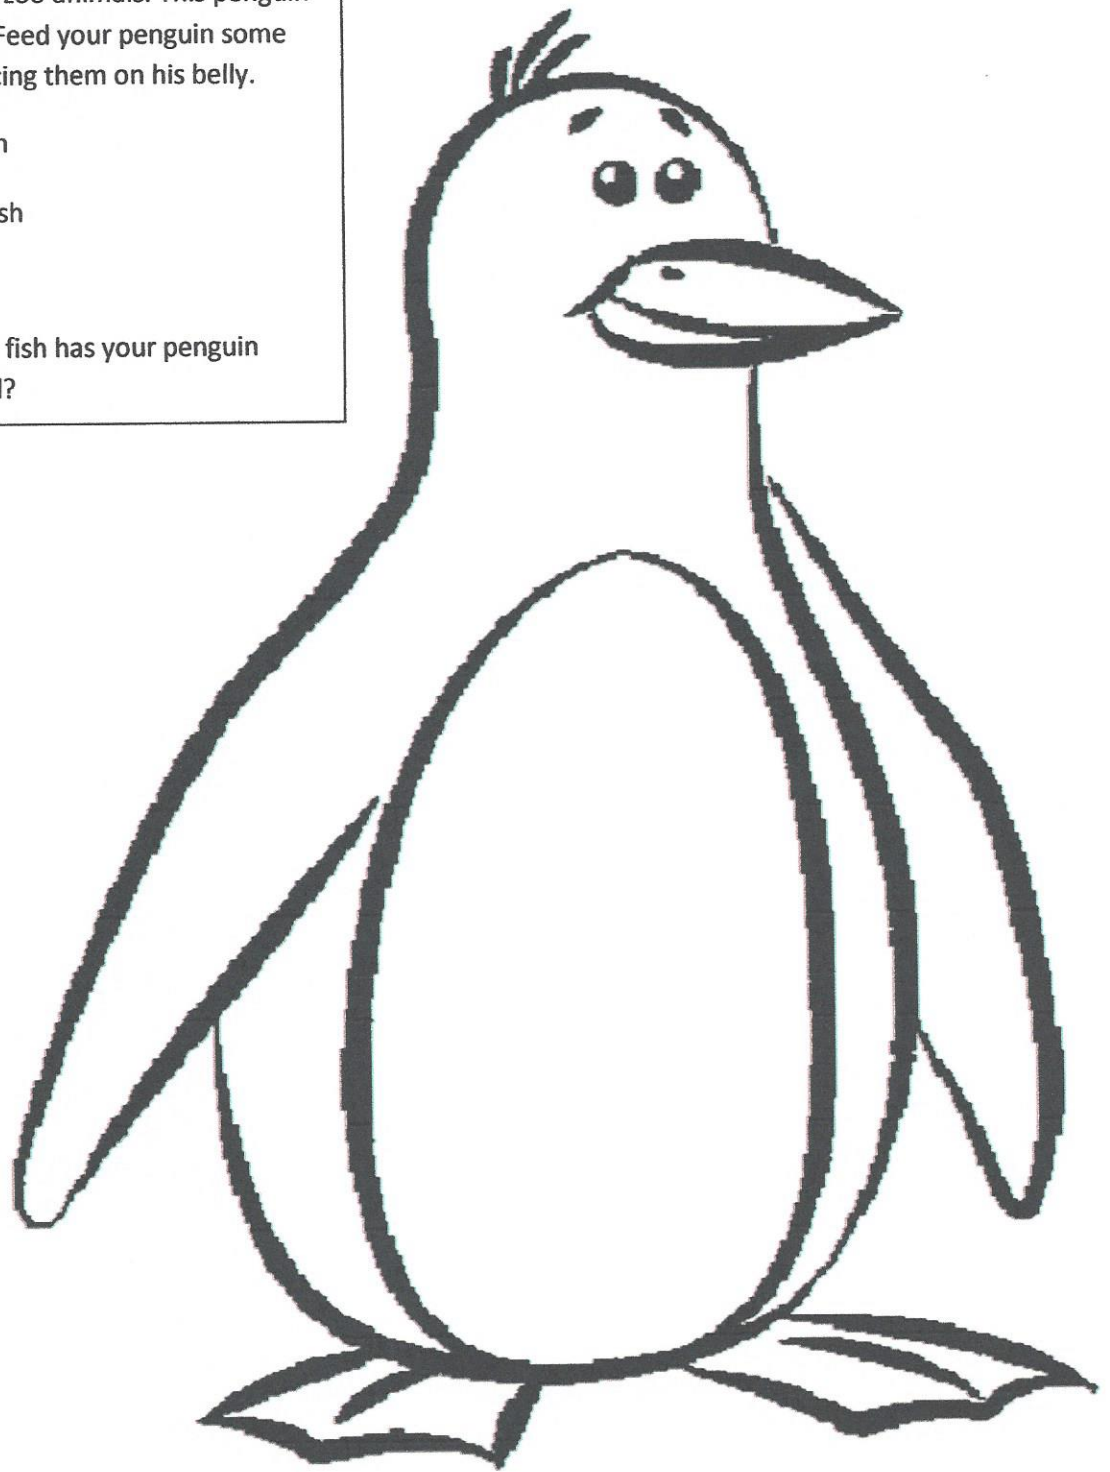

Zookeepers are responsible for taking care of the zoo animals. This penguin is hungry! Feed your penguin some fish by placing them on his belly.

5 green fish

4 orange fish

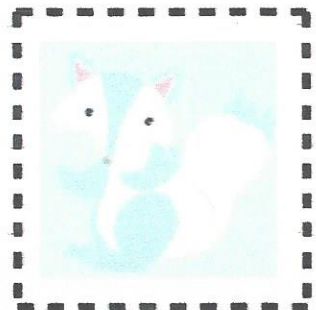

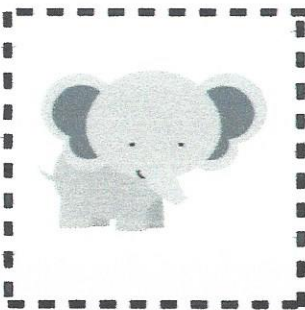

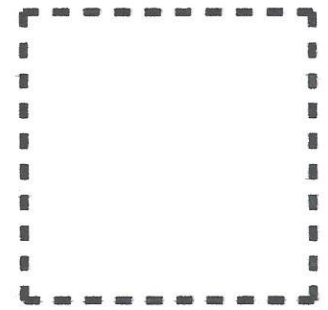

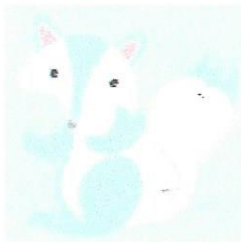

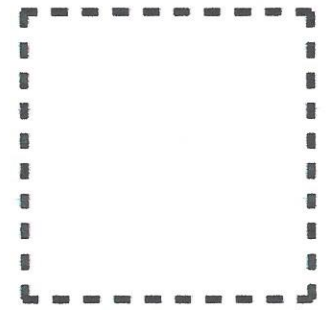

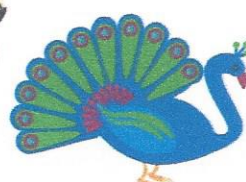

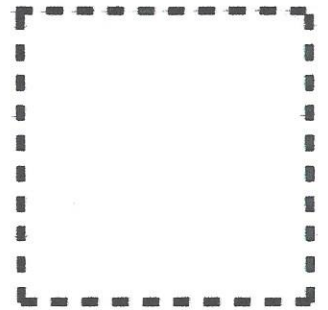

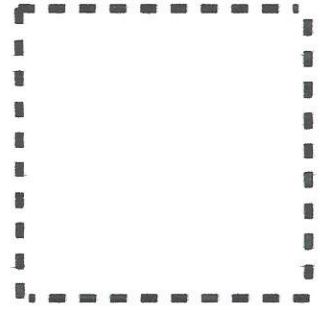

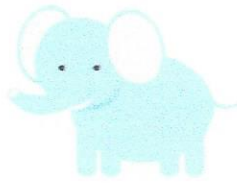

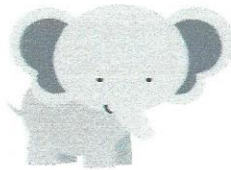

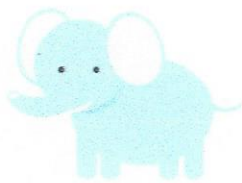

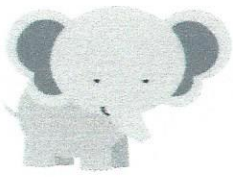

2 red fish

How many fish has your penguin eaten in all?
